TPOW Coach – What it looks like.

You are probably wondering – "what is the ONE thing?" It is US and your embrace of the following:

1. Smile. Breathe. Respect yourself.
2. We will coach ALL the students in front of us they ARE. Not as we want them to be, assumed they would be, what they told us they were, or what they were yesterday. Just as they are NOW.
3. We will model, to the best of our ability, with humility and grace, both paddling skills and *humaning* skills.
4. We are all just paddlers, so let's let go of the identity silos.
5. We commit to an Inclusive Welcome, teaching best practices based in curiosity and scalability, and an Intentional Debrief.
6. We will ask for help without hesitation or escape.
7. Feedback from peers and students is welcomed, not defended.
8. Our students will be engaged through joy, challenge, and trust.
9. We will evolve, change, reflect, and grow.
10. Smile. Breathe. Respect the TEAM.

"We are all ALWAYS teaching. What are you teaching right now?"
